TRIPS & EXCURSIONS

PALMA'S OLD TOWN CITY RALLY

During a rally on foot through the historic centre of Palma, not just the sense of orientation and local knowledge are put to proof but also creativity and team spirit. The participants playfully learn interesting facts about the city centre- teamwork, fun and entertainment is guaranteed! Procedure: Transfer to the city centre. First of all the group will be divided into smaller teams (approx. 8-10 people). Each team receives a rally book, a pen, a city map of Palma and (optionally) a Polaroid camera. The aim is to master the rally tasks as well and creatively as possible and to find the right way through the small alleys of Palma's historic old town. A "café con leche" or a "cortado" in one of the trendy cafés in Palma will renew your energies.

TAPAS-RALLY

Alternatively, the tour described above is also offered as a tapas rally, where you will eat a few tapas in different restaurants of the old town.

MALLORCA - RALLY IN JEEPS

Fit for Fun? Experience a Mallorca discovery rally in jeeps (4 people per jeep) or convertibles (3 or 4 people - depending on vehicle type).

Each individual team receives a rally book with a route description and questions about the country and its people. These questions have to be solved during the journey. Creativity and team spirit are required!

Route: The trip, which takes you along the outstanding west coast is the best possibility to get to know the beautiful part of the island and to enjoy the fresh breeze of the Mediterranean at the same time. On the route you will visit the picturesque villages of Andratx, Estellenc, Banyalbufar and Valldemossa. In the small villages the participants may ask the locals for help in order to solve the problems; it may be a good possibility to get a small insight of the islanders' lives. In Sóller the teams meet again for lunch, and the first experiences can be exchanged.

KATAMARAN TOUR

The catamaran tour departs from the nearest jetty, depending on the hotel, or alternatively guests are transferred to the anchored catamaran by smaller RIB boats - avoiding awkward bus journeys into Palma harbour and inconvenient transfer times. An experienced and flexible crew welcomes guests on board, sails are hoisted and the individual itinerary for the day's catamaran tour begins. The catamaran tour takes the group to secluded coves and beaches, always with a view of the picturesque and varied coastline of Mallorca, accompanied by selected music. During the swim stops, the crystal clear water invites you to also explore the island's underwater world: Snorkelling equipment is available for each participant, so that nothing stands in the way of a perfect summer day with colleagues or friends during the catamaran tour.

Catamaran tour in combination with action and culture

A catamaran tour can be flexibly integrated into a tailor-made programme. The catamaran tour can be booked either as a sundowner tour in the evening or as a full-day programme in combination with various water sports activities. Those who love speed, for example, can simply change to a speed boat or a RIB boat during the catamaran tour, on which full water fun is guaranteed with water skiing, wakeboarding or donut riding. A half-day catamaran tour can be ideally combined with a trip to Palma, so that culture lovers also get their money's worth. On an iPad City Tour or a Tapas Tour, the group has the opportunity to get to know the island capital from a different perspective.

GOLF DE ANDRATX

The Golf de Andratx is situated in the middle of the majestic mountains of Andratx in the southwest of Mallorca, near the idyllic beach of Camp de Mar. The training area fits perfectly into this breath-taking landscape. Whether you are a beginner or a professional, whether you want to warm up before the round or improve your technique, the facility offers you the best opportunities.

A special highlight is the golf taster course:

Here you will learn all the basics, such as the right grip, the right position and the first movements to hit the ball a few metres away or to pocket it on the putting green. At the end of the trial lesson there will be a small pitch-and-put tournament.

The prices of the taster courses are available on request and depend on the duration and number of participants.

The golf school team is looking forward to welcoming you!

QUAD & TRIKE TOUR

- Real off-road tours
- Road tours
- Mixed tours
- Bathing tours
- Or the all-in-one tour

No matter which type of tour you choose, they are all fun and an unforgettable experience! After a thorough briefing and a test drive, the off-road tour will take you into the real off-road terrain. Every tour will challenge the participants in a special way. The tours are offered in different levels of difficulty.

The road tours lead, for example, through the southern foothills of the Sierra de Tramuntana and offer wonderful panoramic views, such as a stop in Galilea, the highest situated village of Mallorca.

Do you want both off-road and road tours? Then the mixed tours are just right for you.

On the roads along the Sierra de Tramuntana and on steep slopes the tour continues off-road.

Every stay in Mallorca is automatically connected to the sea. So what could be more obvious than a quad tour with a swim stop at the famous Cala Falco? It is one of the most beautiful and at the same time quietest bays in the southwest of Mallorca. Only a few visitors find the way there...and this is also a good thing!

FOR WINE LOVERS

A WINE TASTING IN AN AUTHENTIC AMBIENCE

The island is famous for its good and varied wines, which have been cultivated on the numerous wineries for centuries. During an exclusive wine tasting, you will have the chance to taste the unique characters of Mallorcan wines while enjoying the unique inland landscape. A Majorcan finca, in the middle of nature, offers the perfect setting for an authentic wine tasting with a typical flair of the country and is at the same time the perfect starting point to combine the wine tasting with other activities.

A wine tasting with character

Whether sommelier or novice, participants in the wine tasting will be surprised by the variety and excellent quality of Mallorca's many different wines. On arrival at the winery, the host welcomes the group and guides them around the extensive vineyard. Delicious white wines and full-bodied red wines are produced in the mild Mediterranean climate with many hours of sunshine - the winemaker explains how during the wine tasting on the way through the vineyards and the winery. On the journey of enjoyment through different wines, delicious and typical snacks are served to round off the wine tasting. In a relaxed atmosphere, the wine tasting participants learn all about the production process and the resulting differences in quality. Several family-run wineries can be visited for wine tasting and optionally the programme can be rounded off with lunch or dinner in front of the picturesque backdrop of the Tramuntana Mountains.

A wine tasting as a total experience

A paella cooking class is the perfect counterpart to a wine tasting and authentic Mallorca experience, with participants adding Spain's culinary arts to their newfound wine tasting knowledge. This can also be done as an alternative preparation to the wine tasting in the form of a tapas tour of Palma's finest bars. The wine tasting can also serve as the destination for a guided hike through the island's nature, along fantastic stretches of coastline and mountain landscapes, to the winery. The possibilities of incorporating a wine tasting into a tailor-made programme are endless...
